If of relevance, please add your motivation for extension of the 10-year professional life period:

...

Summary

Summarize the nomination in a maximum of 100 words:

...

II – Motivational letter by the nominator (max 2 pages)

Please motivate why you think the nominee should be considered as the most outstanding young female or non-binary physicist currently in the Netherlands and should win the Minerva Prize. You have to explicitly address the two assessment criteria as listed on the Rules & Guidelines of this prize when describing why the candidate scientifically excels.

.....

III – CV of the nominee (max 1.5 page)

IV – Letter of support (only required in case of a self-nomination)

In case of a self-nomination, you are required to seek for at least one letter of support from an expert. Such an expert will be well regarded in the appropriate field, familiar with the work of the nominee and be able to comment on the scientific impact of the candidate.
